

Dear Friends,

We very much hope this newsletter finds you well. As a company, we are praying for our world and for all who are affected both physically and financially by this terrible virus. Our hope is that this newsletter will take you back to happier days boating with family and friends, and give you encouragement as we prepare to get back on the water as soon as possible. And most of all, as we all do our part to end this pandemic, let us look ahead to better days with hope and faith.

Stay safe and healthy, and we will see you on the water again, sometime in the future.

That was in the summer of 1991, when Tom and Kate first moved to Alabama and attended the Dauphin Island Fishing Rodeo. Fast forward 29 years and they have just purchased their fifth Grady-White, a new *Freedom 235*. [Here's the rest of the story...](#)
