Your connection to the *Grady Life*

Grady Couple Makes the Most of Social Distancing

Long before social distancing, David and Cathy Orlando had it down pat, at least on Friday nights. Now that they've had to practice social distancing for weeks on end, they've found a way to stay safe and still enjoy time with friends—all thanks to their Grady-White boat.

Boating Life After Lockdown

After weeks of being inside due to COVID-19, we're slowly realizing that life as we have known it is changing. With schools being closed, camps being cancelled, and vacations being put on hold, it's a great time to turn to boating as a way to enjoy family time and staycations.

Now is the Time to Get Boat Ready

So, you're stuck at home dreaming about your boat. Why not use this time to better prepare for those days you'll soon be spending on the water. Use this time to improve your boating skills, navigational abilities, or be better prepared to launch your boat once you get to the boat ramp. Here are a few suggestions to get you ready to go!

Boat Cleaning Tips

Some water and dish detergent isn't really all you need to clean your boat. In fact, it could do more harm than good. Investing in proper cleaning supplies will go a long way in preserving not only your boat's appearance but also your engine. These are great tips to keep your boat looking new for many years.
