## New Grady Owner Puts Boat to the Test on Delivery Day

From a 52-foot cruiser to small lake boats, Dan Parks has owned more than 20 boats in his lifetime, but his new Grady-White *Freedom 325's* ride and performance has made him a Grady customer for life. "I won't stray to another brand," he says as he notes the many reasons why.

## Baked Fish with Cebolada

*On The Water* shares this recipe for a simple Portuguese onion sauce that's a perfect complement to fresh caught sea bass. With COVID-19 restrictions, we're all spending more time on our boats and hopefully you're filling the cooler with fish! Try this simple one pan dish for an extra flavorful dinner.

## Battery Select Switches

We often have Grady owners ask about the proper setting for their battery select switches. Here's a quick review to be sure you're using the right settings for optimal operation and ensure you have a backup if one battery should become weak.

## Grady Innovation: Fold Down Cockpit Step

One great Grady innovation is the fold down cockpit step. It's just one of many patented designs that make Grady ownership exceptional. This feature makes boarding and disembarking the boat safe and easy. An added plus-you won't be left with dirt and shoe marks along the gunwale. Click here to check out other innovations by Grady-White.
