10-year old sisters, Ayers (left) and Mary Martin (right), are all smiles boating on their dad, William Yarbrough's, new Grady-White *Freedom 275.*

Boating has always been a fundamental part of our lives here at Grady-White, but in January of 2020, we never expected that boating would become such an integral part of so many more lives so quickly! We are thankful that it has allowed families the opportunity to do something together, bringing them closer during this trying time. This photo certainly gives us hope for brighter days ahead. Every year, but especially this one, the Grady-White team is grateful for our customers and associates. Keep sharing your Grady Life joy (pictures and stories) with us throughout the coming year, so we can share in our social media, web gallery and newsletters. We wish you all a safe, healthy and happy Thanksgiving!
